Chapter 1 by Ashley

This is how mostly life is. Hurray you were born. Its your first day living in the big world. The day that you where born. Is when you are 3 months or something. When your around 8 months you start to crawl. Until when your 11 months. When you 12 months. Well your 1 year old. You start trying liquid foods. You cry,whine,wake up at any time. Most kids start to walk when there 1. Your 2 your baby teeth start coming out. You try more foods. You can know walk perfectly fine. You start talking a little. Some years pass your 5. You go to school the whole day. You start elementary school. Your learning how to read and how to + and -. Some years pass. Your 10 years old. Its your last year in elementary school. You know how to add,subtract,multiply,and divide. You know how to read. But you still sometimes mess up in long words. Your 11 know your in middle school. You take harder classes. Your 13 youre not a kid anymore youre a teenager. You start hard things like puberty. By this time you have a bf or gf. Some years pass your 16 you have a sweet sixteen. Youre almost done with school. You are 20 you get married. Youre 25 you have your own family. You started to raise kids. Your 30 the bills get higher. You get frustrated. Your 40 your kids start having there own kids. Your 80 you have grandchildren. Your 100 you start to get sick. Your body is to weak for these sicknesses. Sadly one day, you pass away.
